---

## EXPERIENCE

### Associate Software Engineer

SSL Wireless

January 2024 - Present, Dhaka, Bangladesh

- Coordinate requirements, schedules, and activities; contribute to team meetings; and troubleshoot development and production problems across multiple environments and operating platforms.
- Collaborate with a team to define, design, and ship new features.
- Collaborating with the design team on developing micro-services.
- Develop REST API for the Frontend team and the Flutter team.

### Software Developer

Automate IT Limited

October 2023 - December 2023, Dhaka

- Work closely with UI/UX designers to implement responsive and visually appealing interfaces that enhance the learning experience.
- I've to develop REST API for their Product using Laravel. Sometimes integrate API in the frontend in NUXT JS. Design web pages according to the Figma file using HTML, CSS, and Bootstrap.
- Projects: Institute Management System, Learning Management System Etc.

### Software Developer

Fair News Service Limited

July 2022 - August 2023, Dhaka

- Design and implement scalable, robust, and maintainable web applications using PHP Laravel.
- Collaborate with front-end developers and other team members to integrate user-facing elements with server-side logic. Optimize applications for maximum speed and performance.
- I worked here as a full-stack developer. I developed here website using CSS, Bootstrap, and JQuery according to the pre-defined UI design. After completing frontend design developed this website using PHP, Laravel and MYSQL. Maintaintence their existing project.
- Projects: NewsPortal, Accounting Management System, Price Compering Website, Consulting Website etc.

### Software Developer - Intern

ZakirSoft

February 2021 - May 2021, Dhaka

- I had to develop REST API using Laravel. Then integrate this API into the NUXT JS application.
  - Projects: E-commerce API, LMS API etc.
-

## EDUCATION

---

### Bsc in Computer Science and Engineering

Southeast University • Dhaka, Bangladesh • 2024 • 3.84

---

## CERTIFICATIONS

---

### Docker Training Course

KodeKloud • 2023

• I learned about basic docker commands, how to create docker images, containers etc.

### SQL Certificate

HackerRank • 2022

---

## INVOLVEMENT

---

### Extended Executive Member and Web Instructor

Southeast University • Southeast University Computer Club • April 2019 - June 2022

• I was an extended member and web instructor in this club. I took programming-related sessions here like Data Structure Algorithm and Web Design.
